Q3. How can I live responsibly and prepare for challenges in a dynamic, global society?

Focused on learning that is experienced in the classroom and through active engagement with diverse communities and complex challenges.

ILO 1. The ability to analyze power, privilege, justice, and oppression, past and present.

ILO 2. The ability to investigate how questions of faith and values have shaped individual and collective identities.

ILO 3. The ability to apply methods and content across disciplines to address challenges in a dynamic, global society.

ILO 4. The ability to engage meaningfully with communities around you through a variety of immersive experiences.

ILO 5. The ability to communicate and collaborate with others in situations defined by multiple interests and objectives.

ILO 6. The ability to reflect critically on learning.
