THE 25TH ANNUAL GIMSE INTERNATIONAL

EWVS 2008

AND OFF-CAMPUS STUDIES PHOTO CONTEST

Greece and Turkey Interim

EACH YEAR, HUNDREDS OF ST. OLAF STUDENTS take part in International and Off-Campus Study programs that offer profound, often life-changing experiences. This past year, 771 students participated in programs at one of the 65 international sites and 15 domestic sites during a semester or year-long program, or at one of the 20 international and 11 domestic sites during January Interim. Far from home, exposed to social, religious, political, economic and cultural norms that differ markedly from their own, photography is one way in which St. Olaf students come to terms with such diversity.

As part of their re-entry into campus life, students are invited each spring to submit their photos in the Gimse International and Off-Campus Studies photo contest. This year, winning entries include pictures from Bangladesh, China, Ecuador, Egypt, England, France, Germany, Greece, Guatemala, Hawaii, Hungary, Italy, Ireland, Kenya, Korea, Morocco, Peru, Scotland, Sénégal, South Africa, Tanzania, Thailand and Turkey.
