

RESEARCH IN SERVICE LEARNING

PUBLISHING OPPORTUNITIES RESOURCE LIST

CIRCLE

The Center for Information & Research
on Civic Learning & Engagement

Compiled by Gary Homana
August 2007

This resource list was developed as part of the Emerging Scholars in K–12 Service-Learning Research Seminar, held at the University of Maryland on June 14-16, 2007 and hosted by The Center for Information & Research on Civic Learning & Engagement (CIRCLE), University of Maryland; the Center for Youth and Communities, Brandeis University; and the International Center for Research on Civic Engagement and Service-Learning (ICR-CESL), University of California-Berkeley. The Emerging Scholars in K-12 Service-Learning Research Seminar was sponsored by the Service-Learning Leaders Circle/National Service-Learning Partnership through funds generously provided by the W.K. Kellogg Foundation. This resource list initially included suggestions from the 15 prominent researchers and 10 emerging scholars participating in the Seminar. Building on that list, I reviewed over 500 articles for service-learning content resulting in this current list of 93 potential research publishing opportunities. The Ulrich database and various web searches provided detailed information on each of the publications. In addition, the journals and periodicals listed on the National Service-Learning Clearinghouse website have been incorporated into this document.
